## Projects

### Music Player Application

May 2023

Website

Technology: HTML, CSS, JavaScript, GitHub

Description:

- Intuitive User Interface: Our music player boasts an intuitive and visually appealing interface, making it effortless to browse, play, and manage your music collection. With smooth transitions and responsive design, your music journey is both enjoyable and accessible.
- Customization: Tailor your listening experience with customizable features such as playlists, equalizer settings, and theme options. Personalize your music environment to match your mood and preferences.
- Cross-Platform Compatibility: Whether you're using a desktop computer, tablet, or mobile device, our music player app adapts to your screen size, ensuring a consistent and seamless experience across various platforms.

### VIT Events Management App

Aug 2022 - Oct 2022

Application

Technology: HTML, CSS, JavaScript, ReactJs, Firebase, GitHub.

Description :

- Comprehensive Event Hub: Our application, crafted using HTML, CSS, JavaScript, ReactJs, and backed by Firebase with version control on GitHub, serves as the central hub for managing all upcoming events at VIT University, providing students and staff with a one-stop solution.
- Streamlined Event Management: With an intuitive and responsive interface, it simplifies event creation, registration, and organization, empowering users to effortlessly access event information, RSVP, and coordinate activities.
- Real-Time Updates: Through Firebase's real-time database, the application ensures that users stay informed with instant updates on event details, schedules, and any revisions, offering a dynamic and connected experience for the VIT University community.

### Digital Portfolio

Aug 2021 - Oct 2021

Website

Technology: HTML, CSS, JavaScript, Reactjs, Figma, Canva, GitHub.

Description:

- Comprehensive Showcase: My personal digital portfolio serves as a comprehensive showcase of my professional journey, featuring a diverse range of projects, achievements, and skills, providing potential employers with an in-depth view of my qualifications.
- Demonstrates Expertise: Through this portfolio, I showcase my expertise and capabilities, illustrating how I've successfully contributed to various projects and industries, allowing potential employers to assess my skills and experience.
- Interactive and Informative: Designed to be user-friendly and engaging, my digital portfolio invites visitors to explore my work, offering an interactive experience that conveys not only what I've accomplished but also how I can bring value to any future endeavors.
